

KLOVE radio serves San Antonio, Texas through Christian broadcasting of contemporary Christian music that is not available from any other local station. In addition, KLOVE provides information regarding local and national Christian events.

If KLOVE is replaced by a LPFM broadcaster, we will not have any other source for contemporary Christian music and information.

KLOVE serves the public through positive broadcasting which is not found in other radio station. It is a family-oriented station that attracts children, teenagers and adults. The positive effects it has on teenagers alone should be enough to ensure that KLOVE continues to broadcast in San Antonio.

Thank you for your attention and consideration.
